

SYNERGY INTEGRATED SOLUTIONS

POWERING YOUR FUTURE, SUSTAINABLY

SOLAR & ENERGY SOLUTIONS

At Synergy Integrated Solutions, we go beyond climate control by helping you take control of your energy. Our solar solutions are designed to reduce electricity costs, provide reliable backup power, and support a greener, more sustainable future. Whether for residential, commercial, or industrial applications, our team delivers tailored solar systems that integrate seamlessly with your existing infrastructure.

“Smart energy solutions that maximise savings, efficiency, and independence.”

CORE SOLAR SERVICES

System Design

Custom solar solutions tailored to your energy usage, property size, and budget.

Supply

High-quality solar panels, inverters, lithium batteries, and mounting systems sourced from trusted global brands.

Installation

Professional, compliant installations ensuring optimal performance, safety, and durability.

Maintenance & Support

Ongoing system monitoring, servicing, and technical support to maximise efficiency and longevity.

WHY GO SOLAR?

Reduce Electricity Costs: Lower monthly energy bills significantly

Backup Power Security: Stay powered during outages and load shedding
Sustainable Energy: Reduce your environmental footprint

Increase Property Value: Solar-ready properties are increasingly in demand.

SOLAR SYSTEM OPTIONS

- Grid-Tied Solar Systems
- Hybrid Solar Systems (Solar + Battery Backup)
- Off-Grid Solutions
- Battery Backup & UPS Systems
- Solar Upgrades & Retrofits

Hybrid Solar Power System

MODEL NO.	CAPACITY	ENERGY RATING	FROM
SYN-HYB-5KW	5kW Inverter + 5kWh Battery	A+ Hybrid Efficiency	R 65,000

A complete energy solution combining solar panels, inverter technology, and advanced lithium battery storage. Designed to provide uninterrupted power supply, reduce dependence on the grid, and optimise energy savings throughout the day and night.

Standard Range Comparison

SYSTEM MODEL	INVERTER SIZE	BATTERY CAPACITY	PANEL INPUT (MAX)	EFFICIENCY (INV)	PRICE (EST)
S-Series Hybrid	3kW	3.6 kWh	4 kW	93%	R 45,000
Elite Hybrid	5kW	5 kWh	6.5 kW	95%	R 65,000
Pro Hybrid	8kW	10 kWh	10 kW	96%	R 95,000

Ready to Take Control of Your Power?
